Desert Disser-Tations

by Harry D. Schultz

BOY, do we feel lucky. We were in Yucca Valley at Christ Park taking pictures with our new sterographic camera about two months ago. That's the kind of camera that shoots in 3-D and you look at the pics thru a hand held viewer. By the time we got around to finishing the roll and sending them in, the Christ Park controversy came up, the statues were no longer standing and then we found our pictures had been overexposed or something like that and we got no 3-D slides. We were sick, thinking it might be a long time before Christ Park would be its wonderful self again. Then we got a reprieve. The camera store and he could make some "flat" prints of our film; they were just no good for 3-D. So we got them this week and are we happy. For surely all agree this is a feature of the desert to which we can point with pride, Christ Park. We all hope the differences of opinion can be straightened out soon and things settle down so the public can be served once more. (By the way, if you'd like to see our flat prints, just stop in at the printing plant.)

A YUCCAITE (or is it Yuccaonian) pointed out that there are quite a few businesses in this area with HIGH DESERT as the first part of their name, in addition to your local Hi-Desert Star. A glance thru our pages show such firms as the High Desert Builders Supply, Hi-Desert Water Delivery, Hi-Desert Disposal, Hi Desert Country Club, Hi Desert Gas Co., and Hi-Desert Concrete Products. The term is becoming one of not only greater popularity but also of respectability, distinguishing the hi desert from the low desert. It's possible that in five years, people won't say they are "'going to the desert." Rather, they'll stipulate, automatically, the hi (or low) desert.

WE'RE going name and initial happy around our office. We have three men working with "D" first names: DICK, DAVE, DEWEY. Then if DONNIE calls, that makes the tongue twister supreme. And two of the men have the same initials, DC, which raises hob with the inter-office memos: We find that D.C. doesn't stand for District of Columbia in our place, nor does it stand for Direct Current. It's not an abbreviation for Doctor of Chiropractics or even for "Dirt Cheap." It's the initials of Dave Canty and also Dick Craig. And our new linotype operator is Dewey Linder, or D.L., and these are the same initials as Donnie Larsen, who I still write notes to. And Dick, Dave and Dewey are all living at Doty's! And then I get into the act with a double meaning: My initials HDS are often mistaken for DHS (as in Desert Hot Springs) or as an abbreviation for Hi-Desert Star. Only my sweetheart wife Ollie is aloof from the name confusion. Nobody has a similar name . . . but she wishes someone else had hers! So when you call us just say "hey you."

AND so, "Yucca-pups" and dear readers, that's all the stardust for today. It's 3 a.m. There must be an easier way . . . 30.

Property Owners Appeal

The Property Owners League of Yucca Valley will hold its regular meeting Saturday, July 27, at Lauman's Patio in Burnt Mountain, at 7:30 p.m. Folding chairs will be needed. Election of directors and amendment of by-laws.

Hi Desert Concrete Adding Hopper, Silo, Mobile Phones

By JOAN WILSON

Mobile telephones will be installed in six trucks of the Hi-Desert Concrete Products, Inc. of Yucca Valley, starting August 8. The increased mobility will add tremendous effiiciency to the local organization.

The phones will enable the firm to give better service and cut down considerable time in locating jobs sites.

In addition they will have a 150 ton overhead automatic hopper, and an overhead cement silo which will cut out the early morning noise and dust which some localities have complained about.

These changes have been planned for sometime, and were dependent upon a variance from the Planning Commission in San Bernardidno, which has been granted. Ted Ducey states that "he couldd now clean up the grounds and make it more attractive and an asset to the community and more of a modern batch plant—and will keep on growing with the valley."

The mobile phones will have the radius of 35 miles, just one factor in this phone hook-up in case of a breakdown, the driver can phone back to the plant and another truck will be sent out in its place, also a mechanic to the truck that is broken down, and builders won't be sitting out on their job with cement finishers waiting. According to other companies that have installed these phone systems, they paid for themselves in break downs alone the first year.

Progress marches on in Yucca Valley. Our hats are off to the men of the Hi-Desert Concrete Products, Inc.

"STAND ASIDE" shouts Myrl Rupel who portrays "Dr. Frogoni" to "Adam" played by Floyd Peters as Georgene Bradshaw as "Rosita" seeks protection and Chris Hammett as "Ann" offers sympathy. Part of the cast shown here from the Yucca Valley Players will present "'Adams Evening on August 7-8-9 at the Yucca Valley Community Hall.

Y.V. Players To Present "Adams Evening"

The Yucca Valley Players' latest presentation, "Adams Evening" will be given Wednesday, Thursday and Friday evenings, August 7th, 8th and 9th, at the Yucca Valley Community Hall.

"Adam's Evening", a royalty play written by Katharine Kavanaugh, is a comedy of marital mishaps in the life of Adam Adams and his wife Ann. Adam becomes involved in a situation that requires some plain and fancy fishing on his part. Naturally one prevarication leads to another that builds up to a very complex state of affairs that presents plenty of action and hilarity for the audience.

The play is under the direction of Louis Bradshaw, the cast includes Floyd Peters as "Adam", Chris Hammett as 'Ann", Gussie Sothman as "Mrs. Bean", Paul Hammett as "Casper", Muriel Perrin as "Gertie", Myrl Rupel as "Dr. Frogoni", Georgene Bradshaw as "Rosita", Ralph Kingston as "Elmer Green", Cab Carebert as "Mr. Coakes", and Ruth English as "Mrs. Coakes". In their initial appearance with the players are Myrl Rupel, Georgene Bradshaw, Gussie Sothman and Chris Hammett. It is always interesting to see new local talent as well as enjoy again the veterans performers that have given so much pleasure to local audiences. The players all donate their time and efforts to make the plays a success.

The wonderful public response to their last play, "Abie's Irish Rose", has encouraged the group to add a Wednesday night performance for "Adam's Evening". This will assure the public of plenty of good seats also those desiring reserved seats, can purchase them at Perrins Pulmbing at the coner of 29 Palms Highway and Inca Trail.

With one additional performance and the reserve seat section the players feel that the problem of "standing room oony" will be solved. Curtain time 8:30. Tickets are now on sale. Gen. admission 75c. Students 50c. Reserve seats $1.00. —Betty Brownell, Pub. Chairman.

DANDEE LIONS VS. LIONS

By JOAN WILSON

As July 29th isn't far off, Dandee Lions get ready for "Ladies Nite" at the Lions dinner. So far the place, Corral Acres, is the proving grounds to settle the question who is "King of the Beast".' Ladies, hold on to your seats, as the entertainment is the drawing card this night. Be seeing all you Dandee Lions July 29th.

WHIRLA WHIP WHIPS UP NEW SIGN

Due to the warm weather and the growing demand for ice cream and cold drinks, the Whirla Whip Drive In will now be open 7 days a week from 10 a.m. to 11 p.m. Their new neon sign can be seen in both directions on the highway which will brighten up one of Yucca Valley's favorite stopping places.

Lions Dine Scouts

Fried chicken with all the trimmin's was the fare for local Boy Scout Troop 75 as guests of Yucca Valley Lions at their dinner held July 15 at Burnt Mountain. Approximately 30 Scouts attended, each accompanied by a Lion. An overnight camping trip to Hidden Valley was enjoyed by the Scouts on July 19 and 20 and boys reported a fine time sleeping and cooking out.

The next regular meeting of Troop 75 will be held Thursday, July 25 at the Legion Hall in Yucca Valley. All Scouts are urged to attend and have extended an invitation to all boys wishing to join the Scouts.

Roy Roush Giving Cigars

The added attraction to Roy Roush's life now is Donna Linn Gibbons, new granddaughter born in Michigan. If Roy hasn't handed out a cigar to you, just stop him and ask for yours. He'll be "tickled pink".

BETTY ANN SIKES BECOMES BRIDE OF JOSEPH LeFEVER

By CHARLOTE KINCAID

The Community Church of Yucca Valley was the setting recently for the nuptials of Miss Betty Ann Sikes and Mr. Joseph Ross LeFever, with the Reverend David E. Hansen officiating.

Mrs. Ronald Webb played the traditional wedding music and Mr. Bill Miller sang "Oh Promise Me."

The bride was radiant in white taffeta with an overdress of white lace. The plain tight bodice was cut low in a "V" neckline with a boufant skirt that flared at waltz length. Her shoulder veil was caught up in a mass of front curls and she carried a bouquet of white carnations.

Her maid of honor, Miss Nancy Marble of Yucca Valley wore an aqua taffeta dress with a fitted bodice of lace and an overskirt of net. She carried a colonial nosegay of yellow chrysanthemums.

Standing with the bridegroom was Deputy Ronald Webb as best man.

A reception followed at the church.

The bride is the former Betty Ann Sikes of Portland, Oregon. She received her diploma with the graduating class of 1957 at Jefferson High School.

Joseph Ross LeFever is the son of Mr. and Mrs. Art LeFever of Yucca Valley. The bridegroom is stationed at present at the Travis Air Force Base between Sacramento and Vallejo, California.

The newlyweds will enjoy a short stay at Big Bear, California before returning home.

PIONEERTOWN STAR BEAMS

By HONEY FELLERS

Pearl and Val Jones are having a nice vacation. Spent last week visiting friends in Oxnard and Los Angeles, now they are on their way to Biig Bear for a week of fishing then to Gilman Hot Springs.

Mildred King moved into town from Rimrock, where she had been living in Joan Hayes' house.

Bill Dennis Jr. and wife spent several days at the Townhouse, and visiting with friends in this area.

Visiting with little "Pee Wee" and touring the Hi-Desert region were: Mr. and Mrs. George Laulon and their guests, the Turners of Whittier. They enjoyed their four day stay at the Townhouse, and liked all they saw on their excursions round about.

We've all heard of the "Life of Riley", but what about the "Life of Jacobs". Betty Watt hears from Corporal Jacobs in the American Embassy, La Paz, Bolivia, thuswiise: Parties, PRETTY GIRLS; Street Dancing, PRETTY GIRLS; Bathing Parties at Lake Titicaca; PRETTY GIRLS; a seven room house with three servants, PRETTY GIRLS. STOP! We're convinced—Bolivia MUST have PRETTY GIRLS!

Bill Medler, a 1948'er visited with Lil and Tommy at the Bowl — reminiscing, "'the good ol' days."

Martin Johnson comes up every Friday from the Mira Loma air Force Station to spend the week end with his family, wife Rose, and son Vernon. Vernon, by the way, had a part in the movie made here last week, "A Time to Kill."

Military services were held for Gordon Lee Benoit, at Wiefels and Sona Chapel, in Twentynine Palms, with Clergyman Mrs. Rose Johnson officiating. Gordon had seventeen years of Army service. He left three brothers: Ray, Wilbert and Woodrow Benoit.

Youth To Visit Bt. Mountain

President Joe Reed of Riverside County"s Christian Endeavor Society has planned an outing for approximately 200 teensters and adults for August 10, at Burnt Mountain Ranch, to be folowed by a "wienie bake" at 5 p.m.

"We came here last year and liked it so much we thought it a good idea to come again," he said.

International Regional Vice President Cecil Jefferies will speak at the services to be conducted at 7 p.m. Visitors will be welcome.

RIM ROCK . . .

By IRENE FOX

Patten's have wondered why the disturbance near the corral for several nights, surprised to find strange horses trying to enter to share "Pat's" food.

Karl Fox, no relation, recently of Missouri, now of Glendale, was introduced to this area and like so many, said it's the best of all he's visited while in California.

Madeleine and Jauque Delobel, of Beverly Hills, have just subscribed for, as they put it, "News of the friendiest people we've known since coming to America." Many of us recall wnen they first arrived from Paris, France 31/2 years ago. Madeleine did much translation as Jauque spoke mostly a "perhaps yes", "'maybe so" as he told me in French: I think perhaps I am saying yes when it should be no." A different story now—as a professor at the Berlitz school of languages Jauque found that he was speaking little of our American language which he wanted to learn, therefore, left the school and entered an airplane parts factory as a dispatcher; his American vocabulary has improved and a return to his beloved work of teaching. They also plan to build at Rim Rock soon, as they put it like the "do-it-yourself plan each weekend." Welcome again and return often.

And now we Foxes are off to San Francisco, visiting friends and showing our young visitors Bobby Quackenbush and Eddie Downer that part of this beautiful and wonderful country. Hope to have news of interest for you next week. Oh, yes — Aunt Bertha Reil of Athol, Mass., a visitor here two winters ago, asked to have this paper sent her way, as she plans a return visit quite soon and likes to know the latest, seeing I seldom send letters. Thank you.

TV Meeting

By CHARLOTTE KINCAID

The High Desert Improvement Committee sponsored a TV citizens meeting in Yucca Valley Thursday, July 18.

After the usual preliminaries President Signa N. E. Simmons turned the meeting over to Mr. Johnn Kreton, who in turn introduced the TV chairman.

The meeting was called to explain accomplishments of this non-profit corporation, in getting TV for the High Desert and to inform those present as to why they were requesting donations.

The amount needed for a TV test picture is $3,000 to be donated in small amounts by the people of the Morongo Basin.

All organizations in the Morongo Basin are asked to cooperate in the BIG PUSH for TV.

Within the next ten days we could be ready to go to work, if you the people will help.

Do you want TV? If so send your dollars, no donation is too small.

YOU DONATE—WE FACILITATE.

Authorized agents are as follows: Mildred Rhonde, 29 Palms; Frank Johnson, 29 Palms; Housing—Eunice Sewell, ,Joshua Tree; Bill Williams, Realty Office, Yucca Valley; John Kreton, Desert Queen Motel, ,Yucca Valley; Kouba's Market, Palm Wells, Moronga Valley; Ethel Griffin, Patio Cafe Morongo Valley.

LETTERS TO THE EDITOR

DESERT CHRIST PARK
YUCCA VALLEY
By A LOCAL CITIZEN

There are times when a dispute arises between two persons or two groups of persons.

Sometimes one side is blamed for the troubles more than the other because the facts of both sides are not known.

With reference to the Desert Christ Park trouble, Yucca Valley.

The Park was first a brain child of Rev. Eddie Garver, then it was crystalized into a reality.

The writer has known Rev. Garver for about nine years, and Mr. Martin about four..

They have worked together as a team building the park. Each one doing his part.

Mr. Garver and another man built the Chapel together. With help put up the Cross, did the electrical wiring, the grading of the roads to the Park, and the parking space. He put in the trees, flowers, and a number of other jobs that required time. Many hours of work by people of Yucca Valley helping him.

Mr. Martin with help from Mr. Garver and others built the statues. They built the beautiful plaque which represents the "Lord's Supper".

It can be plainly seen that numbers of persons put in many hours to make the Park what it was.

Then a rupture came in the team. Rev. Garver wanted only religious music played at the Chapel, as the Park was dedicated to God.

Mr. Martin wanted music other than religious as he felt he was not trying to build a religious grist mill.

As to the financial part of the Park. The money to keep it up came from gifts from the people who visited the Park, as well as a considerable sum Mr. Garver put in of his own.

Part of the trouble was allegedly because several citizens of Yucca Valley wanted to get Mr. Garver out so they could take over the Park and make money out of it, not realizing that there was not profit to be gained by so doing.

The writer sat in on a business meeting of the Corporation. During the meeting, among other things, the books containing expenditures of money, were gone over.

Mr. Martin, up until a week or so ago had the only keys to the gift boxes He opened them and gave to Mr. Garver what money Mr. Garver received. From this money Mr. Garver bought materials for the Park.

At this meeting it was shown from the bills Mr. Garver had that he had not received enough money from Mr. Martin to pay them. He paid the rest personally.

There was no complaint whatever about how either Mr. Garver or Mr. Martin spent their portion of the money.

While Mr. Garver was away, who destoyed the noses of the statutes? It was Mr. Martin.

Who broke the statues? It was Mr. Martin.

Who hired persons to pull down and destroy others after he had resigned from the Corporation? It was Mr. Martin.

Who was the cause of Mr. Garver getting the sheriff to stop the destruction of Park property? It was Mr. Martin.

Mr. Martin is now working on property belonging to some one else who by letter agreed a couple of years ago to deed over to the Park when it became a non-profit Corporation.

We hope soon that all the legal questions will be settled.

We hope whatever reasons Mr. Martin had for the physical destruction of the Park's property will be resolved.

There is one thing sure we do not want further destruction.

The writer will say that during all the unfortunate happenings and misunderstandings, Rev. Eddie Garver has stood it with fine Christian fortiitude.—C.M.N.

Meet Set For Property Owners

The following letter was dispatched this week to local residents.

As a property owner in Yucca Valley you must be vitally interested in the proper development of this area. In order to prevent improper and injurious measures from taking effect and to foster the things that will be good for the community the PROPERTY OWNERS LEAGUE OF YUCCA VALLEY, INC., has been formed and at this date approximately one hundred fifty property owners have become members. There is great power in numbers and we need your voice to swell the volume in favor of:

1. A strong organization of property owners to fight all pressure groups that make unreasonable demands to further selfish interests.
2. Fight for economy in government (lower taxes).
3. Represent the property owners before legislative bodies.
4. Analyze all proposed legislation involving taxation and examine qualifications of candidates for public office.
5. Work in harmony and cooperation with all service groups in the community to build good feeling and helpfulness.
6. Initiate measures, and work for their fulfillment, for improvements and changes as they may appear.

While the thing most needed is your voice in these matters, it takes a little money for expenses to run the organization so each member contributes $5.00 for a membership card annually.

Application for Membership

MORONGO VALLEY MESSENGER

WEDNESDAY, JULY 24, 1957 —GATEWAY TO THE HI-DESERT— VOL. 1, NO. 1

MORONGO MUSINGS

M's . . . My but the Morongo Messenger is a Mighty Mountainous Mass of Material this Midweek. More? Metoo. M's aside, and jokes too, let me say how hapy we are to answer the requests of Morongo Valleyites to have a section of their own in the Hi-Desert Star. Maybe it will grow into a page a week, 2 pages a week, and finally a separate newspaper. Just how chubby a section M.V. has each week will depend on you folks who live in Morongo Valley. We're already getting fine advertising support. We hope to deserve your continued and increased support in this dept. Also needed: your subscriptions. We are in especial need of news notes; need a columnist or two. And each of you should label yourself a "reporter" and send us a postcard with news of who visited you and whose birthday party you attended, etc. I'll get my barber, Leonard Quigley, of MV, to write something. You each do something too. OK? Thanks.

P.S. News, ads, subscriptions, can be left with the Putnams.

CONGRATULATIONS

To The High Desert's Newest Business . . .

When company comes and the youngster hollers from the bathroom, "There's nothing but clean towels in here, can I start one?"

NO NEED

For Continuous Advertising

PREACHERS — Should preach only one sermon or so a year. People are against sin anyway, so why harp on it?

TRAFFIC LIGHTS — Should be turned off at dangerous intersections to save electricity. Everybody knows it's a dangerous spot and that is sufficient.

TEACHERS — No need to review lessons. Tell the children just once and they'll never forget.

HIGHWAY POLICE — Stop driving up and down the highways. No need to caution drivers by patrolling highways. Drivers know the law and should obey.

OUT OF TOWNERS — That advertise in the local paper and mail order firms that send catalogues are wasting their money. Everyone knows what is sold at stores in town and they'll all shop at home. BUT—If you are one of the foolish kind, like the Notre Dame cathedral that has stood for six centuries, but still rings the bell every day to let the people know it is there, and believe in continuous profitable advertising, then you will advertise in

YOUR HOMETOWN
WEEKLY NEWSPAPER

TV Public Information

By CHARLOTTE KINCAID

A non-profit corporation is in the process of being formed and we estimate it will be a couple of more weeks before we are legally authorized to act as such.

Meanwhile the citizens committee has authorized the proposed directors of the non-profit corporation to start accepting donations for the purpose of raising the necessary money to run a 3 day test picture simlutaneously in 29 Palms, Joshua Tree, Yucca Valley and Morongo Valley.

A 3 day actual test picture is designed to prove that television is or is not possible in each community, how good the picture will be, and to restore the confidence of the public in a TV program for the Hi Desert area.

We are asking for $3000, with the understanding that what is left after the test, will be used in the actual purchasing of the equipment necessary for a permanent installation.

As yet we do not know what the costs will be for the test. It will depend on the amount of money needed to conduct an engineering survey to determine the best suitable location for a translator site to serve as many people as possible. We do not know how much road work will be required, or whether or not commercial electric power will be available.

We do know that teh following estimated costs have been quoted to us by the Bob Meyers, distributor of the Adler Translator, of Los Angeles.

Approximately $100 air freight for one translator from New York to Los Angeles.

$75 per day plus expenses for the Bob Meyers time and equipment.

$100 per day for rental of one translator to be applied to the purchase price of the translator if we decide to buy same.

Mr. Meyers has agreed to handle all of the necessary details for us to run our test.

Mr. Meyers estimated he could produce a translator, ready to go, for us in approximately three weeks after we request it.

Please do not ask us how long it will be until we run our test. Ask yourselves how long it's going to take enough people to step forward with the necessary money to pay for the test.

Your present antennas and TV's will NOT be able to pick up the station from a translator. The translator frequency is between channels 70 to 83. This requires a UHF antenna, and a converter to convert the frequency back to VHF ,channels on your present TV).

Translators will not interfere with anyone who likes television as they are now getting it —who is that???

Although I described one possible plan for sponsoring TV into the area, we all agreed afterwards that too many people might accept this as being the plan. There are many different ways that it can be done, and we wish to emphasize that the plan that is to the benefit of the majority of the people will be the plan we use. I am not reneging on anything that was said, however, I wish to emphasize that we have your best interests at heart and that none of us stands to make a penny.

If you think the plan that was discussed at the public meeting in Yucca Valley is a good one, then I personally request that you write us and let us know what you think of it. going to tak enough people to If you think some other plan is better, write us and tell us what it is too.

For the benefit of the layman that may like to know what all this fuss is about, I offer the following simplified description of the problem, why it is so difficult to solve, and what remains to be done.

First off, mountains between Mt. Wilson and our TV antennas block off the picture so that we do not get a strong signal.

A translator is a miniature TV broadcast station in itself. It gets its natural material from any existing TV station and rebroadcasts it down to us.

In order to do this satisfactorily, the translator, theoretically, must be located in a line of sight path with Mt. Wilson for the Los Angeles stations, because that is where the L.A. TV transmitting antennas are located. Secondly, this same translator site must be in a line of sight path with your TV antenna. One of the big problems then is to find this location.

You may ask "Why do we transmit on a frequency that I cannot pick up on my television?

Well, it is not because we want you to buy special equipment, but because it is against the law to rebroadcast on the same frequency.

This is a valid law too because there are other communities all over the country, and if any channel is broadcast simultaneously from more than one location and any one is in a position to get one or the other, he will get NEITHER!

A good example of this is what happens to your TV when you are watching L.A. and all of a sudden St. Louis comes in. Even if they were transmitting agents. You should request a receipt, but please do not be the same program your picture would not stand still, or if it did for awhile, you may see two complete pictures, one right beside the other, a double image.

You may contribute your share of the test picture costs by contacting any one of the directors or their authorized embarrassed by a small donation. If everyone gave just one dollar, we would have enough money and more.

If you prefer, you may mail a check or money order to Morongo Basin TV Club, Inc., in care of Mildred Rhonde, 29 Palms. Your money will be placed in a trust fund until we have sufficient funds to run our test.

Based on information that we have from other communiities that already have translators (we have 55 addresses) the first translator costs approximately from $13,000 to $26,000, depending upon how much of

(Continued on Page 10)

My Neighbors

"It's a money tree. I raised it to please the Bureau of Internal Revenue!"

A NEW "HOUSE-BY-INSTALLMENT" — A plan was introduced by an exhibitor at the Munich Architectural Exposition. This plan calls for purchase of the house by installments — a piece of the house at a time. Each piece is a self-contained unit and can be added as the house-buyer can afford it. Here's the "Ludowici Roof-House" which has five rooms and a bathroom. Later if the purchaser desires, he can add the ground floor. The upper half costs about $4,285. With the ground floor added, the total cost would be $11,200.

MISS LITTLEMAN HAD A BIG IDEA — Great Neck, N.Y. — There are more suggestions for beating the heat than there are fleas at the Morris and Essex Dog Show, but the one put into practice by 12-year-old Ann Littleman seems to be simple and satisfying. She just hooked up the garden hose so that the nozzle is propped just above her head as she sits on her garden chair and — well, there you are.

IKE MAKES AMVETS AWARDS TO STUDENTS — Wash., D.C. — President Eisenhower is pictured with winners of the AMVETS Memorial Scholarships after presenting Silver Helmet Awards to the seven High School Seniors.

IN MEMORY OF ANNE FRANK — Frankfurt, Germany — A bronze plaque in memory of Anne Frank, the young Jewish girl who died in the Nazi Concentration Camp Bergen-Belsen in 1945, and who became famous after death via her diary describing events in her life in Amsterdam after flight from Frankfurt. A crowd of residents are shown in front of the plaque after its unveiling.

GENERAL IN TOKYO TO PROTECT GIRARD'S INTERESTS — Tokyo, Japan — Brig. Gen. Charles L. Decker, Assistant Judge Advocate General of the United States Army, is shown as he was interviewed at Far East Command Headquarters shortly after his arrival in Tokyo, Wednesday. General Decker said he is in Tokyo "to assist in any way I can to protect the interests of Girard (Cpl. William S. Girard), to consult with defense counsel and all others necessary in protecting his interests."

THEIR JESUIT SON FREED BY RED CHINA — Glendale, Cal. — Mr. and Mrs. John Houle hold a picture of their son, the Rev. John A. Houle, in their Glendale home after receiving news that he has been released by the Chinese Communists. The Rev. Houle, a Jesuit Missionary, was sentenced to prison in 1954 on charges of espionage.

Y.V. Juniors Attend Camp

The Southern California-Arizona Free Methodist Camp for Junioirs is now under way. The camp site is located at Oak Glen amid the tall pines.

Those attending from Yucca Valley were Brenda Wilson, David Wilson, Donna Jeffcott, Sally Jeffcott and Carol Gilpin.

Rev. Stanley Glover accompanied them and remained as counselor.

The children reported a wonderful time, with crafts, sports of all kinds, delecious food, and inspiring devotional hours.

This camp is a new one and as yet isn't completely finished.

However, they expect to have everything in tip-top shape, including the swimming pool—in time for the Youth Camp in August.

Jack R. Jett To Visit Here

Mr. Jack R. Jett will visit at the American Legion Post 469, Yucca Valley, for the purpose of assisting veterans and their dependents in claims for veteran's benefits and their problems in general. Hours are from 1 p.m. to 3 p.m. on July 25.

GOLF DOPE

By WES YALE

We had quite a few new faces this week, several from Long Beach; maybe it was too hot for them down there with all that Miss Universe deal going on. Several first timers from Palm Springs. I think a lot of folks over there are starting to realize that it is much cooler up here.

My wife's brother Evert Johnson from Oil City, Pa., paid us a visit this week and was very impressed with our desert area, said he was coming back in the spring for a longer stay. David Stine came up from San Diego to beat the old man at golf; Roger wouldn't tell me what their scores were.

Did you know that William Howard Taft was an ardent golfer and proclaimed it the greatest game of all times as many of our great men of America did along with Ike.

I've noticed quite a few boys age 50-60 loafing around the post office around 10 a.m. getting an eye full of the fair damsels coming in for their mail, not males. You boys may not know it, but we have more than just grass here on the golf course as quite a few of the fairer sex play golf over here.

They have perfected a new golf ball that floats. I don't know whether this is good or not to see your golf ball floating around out in the middle of the lake, maybe Dooley Valentine could park her Labrador retriever down there. Or the guy that was looking for his lost ball in a hay stack and found that needle. And you gals, there's some pretty good looking Marines play golf over here.

IS THIS RUBBISH YOURS? According to health rules ordained by the San Bernardino County Board of Supervisors, garbage, rubbish or dead animals are not to be left in a public place other than the County Dump at Joshua Tree. The Property Owners League are in favor of prosecuting anyone who violates this ordinance No. 527. They urge citizens of Yucca Valley to get in touch with Sheriff Webb when observing anyone breaking this law.

YUCCA VALLEY NOTES

By CHARLOTTE KINCAID

Mrs. Dorothy McGraw of 55-335 Santa Fe Trail has been appointed to the Advisory Board of Yucca Valley Park Board Recreation and Parkway District. Congratulations, Dorothy, we know you will make good.

Mr. Russell Moore was taken last Monday to the San Gorgonioi Pass Hospital, with a mysterious throat infection. We hear that he is much better but still not home as yet.

Mr. and Mrs. Kenneth McKean are week end visitors of Shawnee Trail. They bought the Braley place and come up on week ends to do some decorating. They were headed west when I talked to them with their fine Airdale dog and three beautiful Siamese cats in their car.

Signa Simmons' youngest granddaughter, Diana Gerdes, spent two weeks visiting in the High Desert. She went swimming and roller sk ating at Burnt Mountain Ranch while here. Diana's parents, Mr. and Mrs. Bill Gerdes came up later for a short visit too and they went home together.

According to the program on the air, "You're Never Too Old" there must be something to it according to the latest gossip. Pop Turner, the young man about town is "'sparkin'" a new lady-friend. Who is she Pop?

There will be a slight delay in the over size bathing suits of Bill Tenny and Joan Wilson due to the fact that Bill is trying his out at Pismo Beach first while on vacation.

We were glad to see Mr. Terman at the post office Friday, for the first time in several weeks. Glad to see you up and around again.

Mr. Harvey (Moron gas) Odgers is back home from the hospital and is on the road to recovery but will have to stay at home for a while yet—resting up. In the meantime his brother-in-law and Bill Harmon are carrying on for him.

Marie Stratton and sister, Mildred and Joe Noland, have their music room set up in what was formerly The Buckskin Club at Morongoo. They have their Hammond organ now and will be ready to serve the public very soon. Watch for announcements.

Saturday night dancers were entertained during intermission at the Community Hall in Yucca Valley by four Marines who call themselves "The Four Palms". It turns out that the Four Palms have won Navy contests on the Ed Sullivan TV show.

Ground has been broken in Yucca Valley for a new hardware store to be opened in the near future, east of the Highway Garage. Leave it to your HI-DESERT STAR and look for further infromation soon.

Mr. and Mrs. Irwin Walden are on vacation until July 26, visiting their daughter Mrs. Virginia Ball at South Gate. On their return home Nancy Simes will stay with them a week in Paradise Valley.

Visitors at the home of Mrs. Frieda Wagner this last week were Mr. and Mrs. Reuter from San Francisco, Mr. and Mrs. Koltze from Chicago, Mr. and Mrs. Meyer and Mrs. M. Southworth from Banning. They enjoyed Yucca Mesa and did not complain once about the heat while here.

The largest sunflower in our travels around Yucca Valley was seen at the home of Mr. and Mrs. M. L. Henry of Sioux Trail. The plant was over ten feet tall and a foot and a fourth across the flower. Someone is going to eat plenty of sunflower seeds. Take a bow Mrs. Henry for bein' sich a good gardener.

Mrs. Daisy Bark of Sioux Trail is a newcomer to Yucca Valley having moved here from Twentynine Palms. Mrs. Bark finds it much cooler in our valley.

Post Officers Attend District Meet Sunday

Yucca Valley Post 469, American Legion, was represented at the 25th District meeting Sunday, July 21, by the Commander, Harold Brown, the first Vice, Ben Mitchell, and the adjutant, Herb Reed. This meeting was for the purpose of installing officers, appointing chairmen for the year and discussing matters taken up at the Department Convention.

Paradise Valley Sports Soapbox Derby Winner

By CHARLOTTE KINCAID

Thirteen year old Larry Green, son of Mr. and Mrs. Lee Green of Paradise Valley, was awarded a beautiful trophy and a trip to Disneyland with all expenses paid as winner of two out of three races held Saturday at 7 p.m., July 13, at San Bernardino.

The race was the first of its kind to be held under lights at the San Bernardino Stadium.

Mr. Morris, a Lions Club member of Yucca Valley chose Larry as his adopted boy for the Boy Scout banquet held at Burnt Mountain.

Larry is an accomplished young man being a star pitcher on the baseball team at Paradise Valley, and a first class dishwasher at the Yucca Valley Coffee Shop.

For the part he played in holding the fort against a rival baseball team Larry was given a party by his mother and a friend, Mrs. Irwin Walden, in which they plied him with sloppy Joes, iced tea and ice cream his favorites.

LETTERS TO THE EDITOR

Editor
Hi-Desert Star
Dear Editor:

Re the controversy over Christ Monument Park, may I impose on your valued space to contribute the following, perhaps poorly chosen words, of mine to convey to the good folks of this valley what I think of half truths.

It was Tryson Edwards who said, "Accuracy is one of the first elements of truth. Inaccuracy is a kin to falsehood." There have been several inaccurate statements made by a man, who because of his calling should be expected to tell all the truth and nothing but. I refer specifically to the statement attributed to him as follows: "I paid the bills." May I be so bold to ask, who furnished the money to pay these bills and then some? Furthermore, who furnished the cash to build the road to the park? A large part of said road being now closed. The unclosed part being necessary to sell lots in his subdivision. It is true that he raffled off a lot for the purpose of obtainingg these funds but the public is entitled to know just how these hundreds or possibly thousands of dollars were used. Space will not permit me to point out many inaccuracies. As Christ drove the money changers from the Temple so will the good people of this and other valleys do likewise. The real purpose of this letter can be expained and understood by the following Biblical scripture suhc as "Ye shall know the truth and the truth shall make thee free", also "Count him not as an enemy but admonish him as a brother". Respectfully submitted for publication by one of the many victims in inaccuracy.
((James A. Scott))

Mr. Harry D. Schultz
Hi-Desert Star

We, the people of Yucca Valley are delighted to welcome Harry D. Schultz and his little family in our community—however, Harry, your "full-pledged pardner" in business is a very attractive woman and her ability as a newspaper woman will make her a great asset to this valley. Welcome, WELCOME. And as for MR. TIM — whose picture looks as if he could conquer the world—I am sure is a great help in doing chores. When vacation is over I am sure his school friends will welcome him with open arms—and now for "Black Jack"—the cat—his wise sayings are all centered on Profatism—and this is good for this Valley. I, too, am getting so I like the Valley better every day — the people are so friendly and nice and let us hope Ollie and Tim find it the same way — and again WELCOME. Sincerely, Grace St. Clair.

Reception For Newlyweds

Honoring newlyweds Sgt. and Mrs. Charles E. Sliger, a reception was held at the home of the bride's maternal grandmother, Mrs. Rose McKinney at 634 South Palm Canyon.

The bride is the former Barbara Duncan, daughter of Mr. and Mrs. Burl Duncan of Morongo Valley, formerly of 740 Almondway, Banning, where she attended and finished grade school. She received her high

school diploma at 29 Palms where she attended all 4 years, finishing in June of 1956. After graduation she worked for the Citizens National Bank of Palm Springs until Oct. '56 when she changed to the telephone company of Palm Surings where she has been employed to the present time.

The bridegroom is the son of Mr. and Mrs. John Sliger of Los Palos, Calif., formerly of Texas. He is with the Marine Corps and is stationed at 29 Palms.

They were married in Carson City, Nevada, on June 10, and will live in Twentynine Palms until his discharge next year.

An arrangement of white and blue stock, disies and carnations decorated the table where punch was served with the wedding cake.

Gathering to wish the young couple well were her grandmother, Mrs. Rose McKinney, her parents, Mr. and Mrs. Burl Duncan, her uncles and their wives, Messrs. and Mmes. Eldon McKinney, Donald McKinney, Willard McKinney, Lt. Commander B. F. Moore and wife Barbara (the new Mrs. Sliger's namesake), cousins George and Dee Paulson. Her uncle.

YUCCA MESA

By LARRY ASMUS

Fred and Helen Smith made a quick visit to the Walter Jinkins. Most of their visits are quick ones, but they say one of these days they are going to come out for a rest. They are afraid if they stay too long they won't want to go back.

Don and Jenny Kelly spent several days in Riverside shopping. The Kelleys will soon be starting the addition to their desert home. They are one of the latest permanent residents out here.

Jimi Boldman underwent surgery again last week. This should be the last of the surgery for him and he should soon be coming home. Jim has been in the hospital for quite awhile now.

Ed and Millie Malia are spending a few days with their granddaughter in San Diego. Their great-granddaughter is ill and Millie just had to be there to take care of her. Milile is a retired nurse. George is taking care of the place for them. He is fixing up a little guest house on the Malias' place. George is another of those examples of what the good desert air can do for you.

Bud and Dorrie Stephenson and their daughters, Debbie, Cindy and Cherie, spent the night with her mother, Eve Asmus. Eve is going to spend a week playing with dolls, her three granddaughters.

IIn these days of atomic bombs, supersonic planes, cold wars and hot it is nice to look around and still find that people still celebrate Golden Wedding anniversaries. The Penroses, who have lived out here many years now, celebrated theirs last year.

Bess and Bill Piper entertained Bess's niece and nephew, Pat and Bob Hoagan, of Yankton, South Dakota. They have been at a convention in San Francisco and are on their way home now.

TV Public

(Continued from Page 6)

an access road they had to build and how much it cost them to get electricity in.

Additional channels averaged around $4,000 to $5,000 each. Needles, California charges its subscribers $6 per year for maintenance costs.

As soon as we can determine what our expenses will be, the non-profit corporation will give you an itemized list of everything and keep you posted on our program.

Each public meeting's donations have reached $75 to $100, but that is a long way from the $3,000 needed.

SO LET'S GET WITH IT.
